## PCC4U Module 4: Optimising Function in Palliative Care

From the PCC4U suite of learning resources [www.pcc4u.org.au](http://www.pcc4u.org.au)

### Learning Outcomes

On completion of Module 4, you should be able to:

- Recognise the different responses and emotions of people affected by life-limiting illnesses.
- Discuss strategies for facilitating collaborative decision-making on care goals with people with life-limiting illnesses and their families.
- Identify interventions that will optimise physical, psychological and social function for people with life-limiting illnesses and their families.
- Analyse the effect of caregiving on the networks of people who support people with life-limiting illnesses.
